\* The District's 2013 Growth Rating was raised one level because of substantial improvement in the achievement of students belonging to historically underachieving groups of students. The Growth Rating may or may not have been affected by the performance of these groups in prior years.

## DEFINITIONS OF SCHOOL RATING TERMS

- Excellent – School performance substantially exceeds the standards for progress toward the 2020 SC Performance Vision
- Good – School performance exceeds the standards for progress toward the 2020 SC Performance Vision
- Average – School performance meets the standards for progress toward the 2020 SC Performance Vision
- Below Average – School is in jeopardy of not meeting the standards for progress toward the 2020 SC Performance Vision
- At-Risk – School performance fails to meet the standards for progress toward the 2020 SC Performance Vision

## SOUTH CAROLINA PERFORMANCE VISION

By 2020 all students will graduate with the knowledge and skills necessary to compete successfully in the global economy, participate in a democratic society and contribute positively as members of families and communities.

**District Superintendent's Report**

Orangeburg Consolidated School District Five exists to increase learning opportunities for boys and girls in our community. Our primary goal remains the same, which is to build a world-class school system the entire community can be proud of. We remain steadfast in our belief that it is important to build a system that improves student outcomes and helps children reach their full potential. While our state test scores reflect we are headed in the right direction academically; we acknowledge and understand we have not reached our goals yet.

Of critical importance is our vision to create and nurture a World-Class culture of teaching and learning. Everyone working in the district has to have an unwavering commitment to its development and execution of this goal. Our world-class culture of teaching and learning is guided by five Teaching and learning Domains, known as the Five I's: Instruct, Inform, Intervene, Improve and Include. Across the District, we want to explore better ways of assisting students with grasping concepts and understanding instruction. The Instruct Domain encompasses curriculum, planning, instruction, assessment and classroom environment. We must ensure that we know the expected outcome of any task that is approached or any assignment that is given. Rigorous instruction will go a long way toward creating student leadership in our classrooms and toward preparing our students for success on the next level.

Inform, the second major domain, demands that instruction is driven by the data retrieved. Educators must know and make determinations on the two types of data we rely on – quantitative, which is numeric and measurable, and qualitative, which is individual and situational. When educators make use of the varied data sources, it allows them to know whether students grasped the instruction received and provides unique opportunities for educators to Intervene on a student's behalf. The Intervene Domain enables us to determine who needs intervention and who will provide it; the resources available to us, and which are needed; what do we expect from the intervention; and who will determine and monitor the success of the intervention. One of the most important determinations of an intervention is what we do when a student has been successful. It is critical for us as educators to devise plans for our high achieving students, so they may continue to master the skills taught.

The Improve Domain takes on the challenge of and commitment to continuous improvement as a school district, which includes acceleration of student mastery, building on human capital, progress monitoring, providing state of the art resources, and ensuring that every student is safe. Improvement is not a one-time destination, but a constant and never ending journey by district personnel along with all stakeholders. The final domain, Include, begs for involvement from all stakeholders in the district. For our students to be global, productive citizens, the involvement and engagement of all OCSD5 constituencies is absolutely essential. OCSD5 is committed to creating opportunities for community members to share their wisdom and experiences because our collective knowledge is by far more powerful than any one person's. As a district we will open our doors to the community at large, so together we can Build a World-Class School System of which we are all proud.

Cynthia Wilson, Superintendent
